Introduction

This Remuneration Statement has been reviewed at the meeting of the Remuneration Committee of Kesko Corporation's Board of Directors on 5 February 2019.

This is the Remuneration Statement in accordance with the Finnish Corporate Governance Code issued by the Securities Market Association effective from 1 January 2016. This statement and the other information to be disclosed in accordance with the Corporate Governance Code are available on Kesko's website at www.kesko.fi/en/investor/corporate-governance.

Decision-making procedure concerning remuneration

The Annual General Meeting decides on the remuneration and other financial benefits of the members of Kesko Corporation's ("Kesko") Board of Directors and its Committees annually. Significant shareholders prepare for the General Meeting the proposals concerning the Board of Directors, including the proposal for the number of Board members, the proposal for the remuneration of the Board members, and when necessary, the proposal for the Board members.

Based on the Remuneration Committee's preparatory work, Kesko's Board of Directors makes decisions

regarding the remuneration of the President and CEO and the Group Management Board members responsible for lines of business. As for the other Group Management Board members, Kesko's Board of Directors makes decisions on the performance bonus principles and share awards. Other decisions regarding remuneration are made by the President and CEO, based on preparatory work by the head of HR, within the limits set by the Chairman of the Board's Remuneration Committee.

The Board of Directors decides on the principles of Kesko's remuneration schemes and monitors the realisation of the remuneration schemes of the President and CEO and the other Group Management Board members. The Board also decides, within the limits of the authorisation granted by the General Meeting, on the distribution of shares and terms and conditions thereof, under the share compensation or share-based compensation schemes. Valid authorisations for the Board of Directors concerning remuneration and their use are described in the Remuneration Report.

Main principles of remuneration

Board of Directors

The remuneration of the members of the Board of Directors and its Committees comprises annual and meeting fees decided by the General Meeting. Previously, fees to members of Kesko's Board were paid in cash. However, Kesko's Annual General Meeting of 11 April

2018 resolved to change the remuneration structure of Board members so that approximately 30% of the annual fees are paid in shares in the Company and the remainder in cash. A Board member cannot transfer shares obtained as remuneration for Board work until either three years have passed from the day the member has received the shares or until their membership on the Board has ended, whichever comes first. The purpose of the change is to commit the Board members to the long-term development of the Company. Meeting fees are paid in cash. Daily allowances and the reimbursements of travel expenses are paid to the Board members in accordance with the general travel rules of Kesko. Members of the Board do not participate in the other remuneration schemes or pension plans of the Company.

President and CEO and other Group Management Board

General

The remuneration scheme for the President and CEO and the other Group Management Board members consists of a fixed monetary salary (monthly salary), fringe benefits (free car and mobile phone benefit), a performance bonus based on criteria decided annually (short-term incentive and commitment scheme), a share compensation scheme (long-term commitment and incentive scheme) and retirement benefits for management. In addition, a health insurance, life insurance and leisure travel insurance have been taken out for President and CEO Helander. Termination benefits have been agreed upon with the President and CEO and the other Group Management Board members.

The total remuneration for Kesko's President and CEO and the other Group Management Board members

is compared to that of similar positions in other large companies in Finland. Remuneration elements are compared to those of peer companies to ensure the competitiveness and appropriateness of total remuneration for each position.

Performance bonus scheme (Short-term commitment and incentive scheme)

Kesko employs annually determined performance bonuses for short-term remuneration. Kesko's Board of Directors makes decisions on performance bonus scheme criteria for management annually. One performance bonus criteria for all Group Management Board members is the Group's comparable operating profit. The targets for Group Management Board members responsible for divisions stress the division's comparable operating profit, return on capital employed (ROCE %) and business-specific sales or market share indicator. For the other Group Management Board, members profit targets include the Group's return on capital employed (ROCE %) and the Group's sales target, in addition to the Group's operating profit target. Each member of the Group Management Board furthermore has individual targets. The performance bonus criteria and their weights vary depending on duties. At least 70% of the performance bonus is tied to the fulfilment of financial targets.

Kesko's Board and Remuneration Committee monitor and evaluate the fulfilment of the performance and profit criteria and their impact on the Company's long-term financial success.

The maximum performance bonus for Kesko's President and CEO corresponds to 67% of his monetary salary for the calendar year, excluding fringe benefits. For the other Group Management Board members, depending

on the profit impact of their position, the maximum performance bonus corresponds to 33-50% of their monetary salary for the calendar year, excluding fringe benefits. When determining the performance bonus for a Group Management Board member, monetary salary for the calendar year is determined based on the fixed monetary salary of the last month of the calendar year the performance of which is the basis for the bonus. Performance bonuses are paid by the end of April, after the completion of the annual financial statements following the year of determination.

If exceptional events with significant impact on operations take place during the financial year, or if the market situation or the Company's productivity trend so requires, the application, target setting and payment rules of the performance bonus scheme can be changed by a decision by Kesko's Board also in individual cases.

At its discretion, the Board may decide not to pay a performance bonus, or decide to recover a bonus that has already been paid, if the bonus recipient has been found guilty of malpractice or an action in breach of Kesko's ethical or responsibility principles or guidance that, as a whole, cannot be considered insignificant, or if there are weighty grounds for assuming that the recipient is guilty of such acts.

Share-based commitment and incentive scheme (Long-term commitment and incentive scheme)

In February 2017, Kesko's Board of Directors decided on a new long-term share-based commitment and incentive scheme for top management and selected key persons. The scheme consists of three share-based compensation plans, under which the Board can annually decide on the initiation of new share plans. The primary share-based compensation plan is the Performance Share Plan (PSP).

There is also a transitional Bridge Plan for 2017 and an RSP (Restricted Share Pool) plan for special situations. Share awards based on the plans are paid in Kesko B shares. The recipient of the shares is free to use them once the commitment period of the share plan ends, provided that the person is still employed by Kesko Group.

The purpose of the share-based compensation scheme is to promote Kesko's business and increase the Company's value by aligning the objectives of the shareholders and executives. The plan also aims to commit people to Kesko Group and give them the opportunity to receive Company shares upon fulfilling the objectives set in the share-based compensation scheme.

The maximum gross amount of share award paid for each performance period is 400% of the monetary salary of the last calendar year of the performance period for which the award is paid.

The primary share plan (PSP) consists of individual annually commencing share plans, each with a two-year performance period and a two-year commitment period following the payment of the potential share award. Kesko's Board decides annually whether to initiate a new plan. The PSP initiated at the start of 2018 consists of a two-year performance period (1 Jan. 2018–31 Dec. 2019) followed by a two-year commitment period (1 Jan. 2020–10 Feb. 2022). During the commitment period, the shares cannot be pledged or transferred, but the other rights attached to the shares remain in force. If a person's employment or service relationship terminates prior to the expiry of a commitment period, the person must, as a rule, return the shares under transfer restriction to Kesko or its designate for no consideration. In individual cases, the Board may decide that the person can keep the

shares under return obligation, or some of them. If the grantee retires during the commitment period, he/she is entitled to keep the shares and other securities already received. Kesko Group's tax free sales (%), Kesko Group's comparable return on capital employed (ROCE,%) and the absolute total shareholder return (TSR, %) of a Kesko B share are the performance criteria for the PSPs initiated in 2017 and 2018.

The one-off transitional Bridge Plan for 2017 had a one-year performance period (1 Jan. 2017 – 31 Dec. 2017) followed by a three-year commitment period (1 Jan. 2018 – 10 Feb. 2021). Apart from that, the rules of the plan are the same as for the PSP. The Bridge Plan aimed at covering the transitional phase from Kesko's previous long-term commitment and incentive scheme, which was based on one-year performance periods, to the new commitment and incentive scheme adopted in 2017 with two-year performance periods.

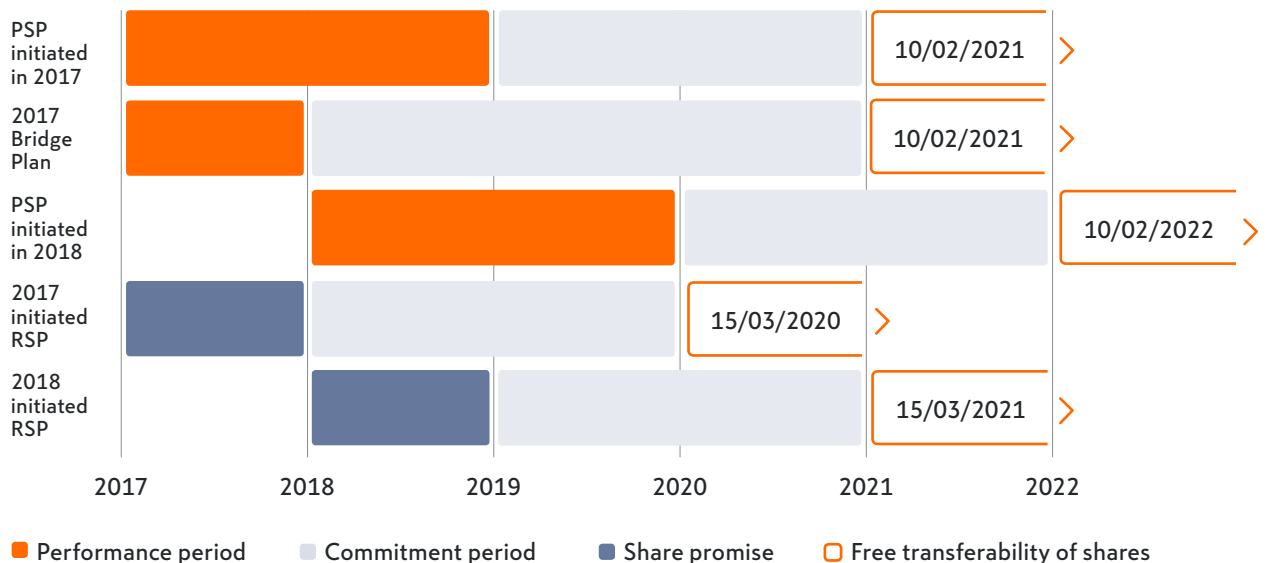

RSP (Restricted Share Pool) is a secondary share plan for special situations, to be decided upon separately. The plan consists of annually commencing individual share plans that each have a three-year commitment period, after which the potentially promised share awards for an individual plan will be paid to the participants, provided that their employment or service relationship with Kesko Group continues until the payment of the awards.

In RSP plans, share promises have not been given to the President and CEO or the other Group Management Board members. The maximum number of shares to be granted is 20,000 shares in plans 2017 and 2018. The commitment period for the 2017 RSP will end on 15 March 2020, and the commitment period for the 2018 RSP on 15 March 2021.

Kesko's share-based compensation plans 2018

Kesko applies a share ownership recommendation policy to the members of Kesko's Group Management Board. According to the recommendation, each Group Management Board member shall maintain a holding of at least 50% of the net shares they have received under the Company's share-based compensation schemes until their holding of Kesko shares corresponds to at least their fixed gross annual salary.

At its discretion, the Board may decide not to pay a performance bonus, or decide to recover a bonus that has already been paid, if the bonus recipient has been found guilty of malpractice or an action in breach of Kesko's ethical or responsibility principles or guidance that, as a whole, cannot be considered insignificant, or if there are weighty grounds for assuming that he/she is guilty of such acts.

Valid authorisations for the Board of Directors concerning remuneration and their use

Kesko's Annual General Meeting of 4 April 2016 authorised the Company's Board to decide on the transfer of a total maximum of 1,000,000 own B shares held by the Company as treasury shares (2016 Share issue authorisation). Based on the authorisation, shares can also be issued in a directed issue, departing from the shareholder's pre-emptive right, for a weighty financial reason for the Company, such as implementing the Company's commitment and incentive scheme. Shares can be issued either against or without payment. A share issue can only be without payment if the Company, taking into account the best interests of all of its shareholders, has a particularly weighty financial reason for it. The authorisation also includes the Board's authority to make decisions concerning any other matters related to the share issues. The authorisation is valid until 30 June 2020.

Based on the 2016 Share issue authorisation, the Board decided to transfer own B shares held by the Company as treasury shares. Consequently, 65,652 shares were transferred on 15 March 2018, 351 shares on 5 April 2018, and 187 shares on 1 June 2018 to members of management and key personnel included in the target group for the 2017 performance period of the transitional share-based commitment and incentive plan (Bridge Plan) (stock exchange releases 1 February 2018, 15 March 2018, 5 April 2018 and 1 June 2018). Based on the 2016 Share issue authorisation, in 2017 the Board granted a total of 192,822 Kesko B shares held by the Company as treasury shares to persons included in the target group for the 2016 performance period of Kesko's share-based compensation scheme 2014-2016 (stock exchange release 15 March 2017). Of the shares granted, 9,850 shares

were returned to the Company during 2017 and 7,211 in 2018 in accordance with the terms and conditions of the share-based compensation scheme. The returns during 2018 were communicated in stock exchange releases on 28 February 2018, 30 July 2018, and 7 September 2018.

The Board decided to implement the resolution made by the Annual General Meeting of 11 April 2018 to pay approximately 30% portion of the annual fees of Board members in B shares in the Company, by using the 2016 share issue authorisation to transfer 2,759 Kesko B shares held by the Company as treasury shares to the members of the Board. In line with the resolution of the Annual General Meeting, the number of shares corresponded to approximately 30% of the annual fees for each Board member, calculated on the closing price of the share on the date of the Board's meeting 24 April 2018. The decision was communicated in a stock exchange release issued on 25 April 2018, and the transfer of shares in a stock exchange release issued on 27 April 2018.

The Annual General Meeting of 11 April 2018 approved the Board's proposal for its authorisation to decide on the acquisition of a maximum of 1,000,000 of the Company's own B shares (2018 Authorisation to acquire own shares). The B shares will be acquired with the Company's distributable unrestricted equity, not in proportion to the shareholdings of shareholders, at the market price quoted in public trading organised by Nasdaq Helsinki Ltd ("the exchange") at the time of acquisition. The shares will be acquired and paid for in accordance with the rules of the exchange. The acquisition of own shares reduces the amount of the Company's distributable unrestricted equity. The B shares will be acquired for use in the development of the Company's capital structure,

to finance possible acquisitions, capital expenditure and/or other arrangements within the scope of the Company's business operations, and to implement the Company's commitment and incentive scheme for management and other personnel. The Board will make decisions concerning any other issues related to the acquisition of B shares. The authorisation is valid until 30 September 2019.

On 24 April 2018, Kesko's Board decided, based on the 2018 Authorisation to acquire own shares, to acquire B series shares in Kesko Corporation, and established a share buy-back programme for the purpose (stock exchange release 25 April 2018). Under the share buy-back programme, Kesko acquired 500,000 of its own B series shares to implement the commitment and incentive scheme for management and personnel (stock exchange release 21 May 2018).
